PARATHOM PRO MR16

Dimmable low-voltage LED reflector lamps MR16 with retrofit pin base

- Shops Hospitality Museums, art galleries Residential interiors As a downlight for marking walkways, doors, stairs, etc. Spotlighting for accents Display cabinets and shop windows Spotlighting heat-sensitive objects such as food, plants, etc. Outdoor applications only in suitable luminaires

- Short payback period thanks to low energy consumption and maintenance costs Premium light quality thanks to high color rendering index and narrow binning Easy replacement of halogen lamps due to compact full glass design and single optic
- Product features Very high color rendering (Ra: 90) Very high color consistency: ≤ 4 SDCM Dimmable (with many common dimmers, see also www.ledvance.com/dim) Made in Germany (versions up to 20 W) Mercury-free lamps Product benefits Short payback period thanks to low energy consumption and maintenance costs Premium light quality thanks to high color rendering index and narrow binning Easy replacement of halogen lamps due to compact full glass design and single optic Areas of application Shops Hospitality Museums, art galleries Residential interiors As a downlight for marking walkways, doors, stairs, etc. Spotlighting for accents Display cabinets and shop windows Spotlighting heat-sensitive objects such as food, plants, etc. Outdoor applications only in suitable luminaires References / Links For dimming conformity see www.ledvance.com/dim For further products and actual information concerning LED lamps see www.ledvance.com/ledlamps For Guarantee see www.ledvance.com/guarantee Further information see www.ledvance.com/low-voltage-ledlamps

Product family datasheet

Application advice

For more detailed application information and graphics please see product datasheet.

Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
