

NIGHT RACER 110

Brightest OSRAM motorcycle light

Up to 110% more light

For better visibility and significantly shorter reaction times compared to standard halogen lamps

Up to 40 m longer light beam

For improved visibility and less eye strain compared to standard halogen lamps

Vibration resistance

Tested for the unusually high loads caused by speed and changing road surfaces

The most powerful motorcycle light from OSRAM

NIGHT RACER 110 is the brightest halogen motorcycle light from OSRAM. With up to 110% more light, a light beam up to 40 meters longer, and up to 20% whiter light compared to standard halogen lamps, these motorcycle lamps ensure increased visibility on the road. With their vibration resistant technology, the lamps are tested under real conditions for the unusually high loads caused by speed and changing road surfaces. Their design is eye-catching with partial blue coating and silver cap.
