OSRAM

LEDambient TUNING LIGHTS

Infrared-controlled styling lights

—

Remote control
Simple and intuitive via a 24-button wireless remote control

Multicolor
With over16 different light colors, brightness levels, as well as five different operating modes to choose from

Individual car interior styling with flexible LED strips
With the LEDambient TUNING LIGHTS you can design your vehicle interior to your personal taste. The flexible LED strips come in over 16 different light colors and brightness levels, as well as five different operating modes. The lighting can thus be arranged to individual preference to create the desired mood. The LEDambient TUNING LIGHT can be quickly and easily fitted using the self-adhesive LED strips. Very practical: The desired color mood can be selected easily by remote control. The product is available in a BASE KIT and EXTENSION KIT version. With the help of the extension kit and using the supplied cable as well as the 12 volt car adapter, the installation is made even easier. Technically skilled drivers can also wire the TUNING LIGHT directly from the vehicle circuit board, leaving the cigarette lighter power socket free. OSRAM provides a 2 year guarantee for this product. INTERIOR ONLY. These products are not ECE-approved and must not be used on public roads in any exterior application. Use on public roads will invalidate both the operating license and insurance coverage. Some countries prohibit the sale and use of these products. Please contact your local distributor for information on your country.
