

# XENARC COOL BLUE ADVANCE

Mega white light for off-road use

### Xenon mega white

Mega white light due to a special filling system used instead of conventional coating

### Up to 6,000 K

High contrast and most stylish look on the road

### Enhanced brightness

For better visibility and shorter reaction times compared to standard xenon lamps

### The mega white xenon light with up to 6,000 K

XENARC COOL BLUE ADVANCE convinces with mega white xenon light and high color temperatures of up to 6,000 K. This is due to a special filling system instead of conventional coating. These products do not have ECE approval. This means they must not be used on public roads. Please note: Use on public roads leads to cancellation of operating license and loss of insurance coverage. Not for sale in Germany.
